## ***President's Message***

Spring is just around the corner, and we've had some of the cars out having fun already. It's time to get the Falcon out, shined up, and ready for all of the functions the FCA and Chapters host for all of us to enjoy. I hate to sound like a broken record, but it is *very important* that you get pre-registered for the functions you plan to attend. It is *very necessary* so the hosts can plan for these events.

We hope everyone likes the new format for the Falcon newsletter and is enjoying the colored centerfolds — that was one of Jim Throgmorton's biggest goals.

Have a good spring,  
Jim Hatcher

## **from the Editor's Corner**

I've been receiving many phone calls regarding the lateness of the newsletter, and I have to tell you that, as of today (February 15), my February issue still hasn't been delivered. It seems all I do is blame it on the postal system, but it isn't always their fault. Sometimes it's because a member has sent the letter to the wrong address.

All changes of address and dues renewals should go to the club's post office box — P. O. Box 113, Jacksonville, AR 72078-0113.

Classified ads, tech tips, general interest information, or anything to be published in the newsletter should be sent to 2721 Gilboa Ave., Zion, IL 60099-2421. There's less chance of losing something if it goes to the right place the first time.

See ya'll in Texas,  
Kathy Lerner

## ***Vice President's Message***

Returned home from work today, and was faced with three options on how to spend my leisure. I could watch an extremely high key trial, or I could watch the President make his "State of the Union." All he is going to say is, "I'm going to get you again," "Clean them pockets and let me see what you got left." Or I could write about all the plans the Lone Star Chapter has for July, maybe even register a few cars. Can't do that — there aren't any cars to register so I guess there's no interest there. As "Hatch" says, "Time for my beauty sleep."

Right when all seemed lost, another option appeared. It came in an "Elledge Orange" wrapper and is what every gearhead dreams of. The '95 edition of the MotorSport catalog. Man, this is what dreams are made of! It would take me the rest of my life to put all those goodies on my cars. What a way to go! Can I get 600 cubic inches in a Falcon? You just hide and watch! How about an aluminum headed 302 roller motor? Naw, too small; give that "dinky little thing" to Hatcher. Maybe he has something laying around to put it in. I heard he does have a Vega with a '65 Falcon grill hidden away somewhere. Shhhhhhhhhh!

Tired of this? How about getting your registration in the mail, and I won't have time for all this ridiculous dreaming. Don't forget the hotel!

Love Ya All,  
Marty

# Chapter News

The *Sooner State Chapter* held its December meeting in Shawnee, OK. Everyone enjoyed a buffet lunch. Election of officers for 1995 was held with the following winning: Lloyd Lang, president; Kevin Brown, vice president; Jerry Miles, secretary-treasurer.

Shoney's in Little Rock, AR, was the site of the January meeting for the *Founder's Chapter*. Twenty-three people were present and four Falcons were driven to the meeting. They voted to send donations to three of their favorite local charities from the proceeds of the fall regional last year. A get-together in Bella Vista, AR, is being planned for May 6, and they invite any chapters who would like to join them in northwest Arkansas. More details will follow in the next newsletter.

The *Suncoast Chapter* held their January meeting at the home of Steve and Carol Springer. Very fortunately, Steve had provided detailed directions to Windermere. If not, many members would have been lost all weekend! Thirty members were in attendance. The weather was so very awful/horrid, that only one Falcon showed up from Palm Beach — the Kinkeades "daily driver"! The meeting firmed up essentials for their Regional Meet and adoption of T-shirts, etc. Everybody socialized Falcon style, and then the hosts served up a buffet of veggies and desserts; but the "Piece de Resistance" was bowls of real Texas chili! A wonderful dish on a wet and windy day — this, a Florida interpretation, of "cold"!

Fourteen members and one guest attended the recent meeting of the *Carolinas Chapter* at Shoney's, University Place. Most of the meeting centered around plans for the Carolinas Chapter's first regional that is set for Sept. 22 and 23, 1995, at the Holiday Inn-Woodlawn, Charlotte, NC.

## All Ford Show

An "All Ford" Show will be held at the Carlisle Fairgrounds in Carlisle, Pennsylvania, on June 9, 10, and 11, 1995. The registration fee is \$25.00, and final deadline is April 15, 1995.

# Attention!

To All "Falcon" Enthusiasts Coming to Green Bay, WI  
for the North Central Falconeers' 2nd Regional Meet  
on June 16 and 17, 1995

On Sunday, June 18, 1995, an All-Ford Show will be held in Appleton, WI, which is just south of Green Bay. If we can get enough participants who want to attend, we might get "special" classes for our Falcons. Contact Gary Fuerst, Chapter President, at 414/731-2708 for more information.

For those of you with a few days to spare, there are many historical and "special interest" places to visit in our area. Contact one of the following for further information: Green Bay Visitor and Convention Bureau, P.O. Box 10596, Green Bay, WI 54307-0596 — 800/236-3976; or Door County, P.O. Box 406, Sturgeon Bay, WI 54235 — 414/743-4456.

We hope to see you in June.

# *Falcons = Friends = Much More*

What is this club all about? Falcons? Yes, but also much more. It is about the people that love 'em and drive these old cars. It's about plans we make and never carry through on, but, oh what did come to be. It is about a group of people that enjoy each other's company, and someone as crazy as you are to getting that old heap running and maybe even looking like something one day. Also, it's about friendship and reliability — not just mechanical, seven main bearing reliability, but the kind of shared commitment interest in another member who needs help. It's about a phone call to get permission to come over and use jackstands or a garage on a rain afternoon when the driveway just won't do. It is a bunch of guys that get up really early and drag their families 500 miles to go see some other over-the-hill guys display their old buckets of bolts.

Too, it is patient and understanding wives who allow us to pursue this crazy interest in this retro technology of 30 years ago. The mechanical components are old style but functional and reliable, just like those members that savor the full line of low priced automobiles. They are sturdy, built to get you where you want to go . . . and back again, safely. This lowly, disposable automobile that just kept on going well after the last payment was made and still inspires admirers. The choice of styles from the sedans, the wagons, the Rancheros and sexy convertibles — something for every taste. And so it is today for the people who love 'em.

*(Falcons cont.)*

It is someone willing to help you with an old transmission for "Bertha" or a used spring for "George." These old parts aren't worth very much relative to those of *new* cars, but some used head bolts, a water pump pulley or rebuildable carburetor linkage donated by a fellow member can excite you like a kid on Christmas morning.

It doesn't take much to get these guys excited. It's the rare find of an NOS vacuum fuel pump for 10 bucks or a fender ornament missing its Lucite wing that inspire an enjoyable quest to cut and polish an old scrap of plastic into an object d'art. The first time you hook up the battery to your newly rebuilt engine that you assembled yourself, when you pour in a little gas and twist the distributor just a hair and it sputters at first, then roars to life . . . golly, nothing can beat that feeling of accomplishment.

Forgetting all the skinned knuckles, the dollars and pain in your neck from laying underneath her connecting the clutches or exhaust pipes — it's all together and sounds so good. And YOU did it with the help of a few fellow members. It is someone who will let you use his air tools to install ball joints in your son's car or devote a Sunday afternoon to changing the ring and pinion gear in yours.

It is not about money. It can't be bought with dollars. It is as enduring as those old Falcons. It is sharing and caring and knowing that if you break down, it is probably a simple fix and that your friends will make sure that you get home in one piece.

All of the above for a measly 20 bucks!!! Such a deal!

# One Wire Alternator Voltage Regulator Conversions

If you want to upgrade your Ford Falcon (6 cyl. or V-8) to an alternator, this product has proven to be the easiest and most reliable method! It even allows you to run a stock Ford alternator.

After mounting the Alternator/Regulator assembly on the engine, one #10 gauge wire is run to the +12V side of the starter relay. This is the only wire required to make the system maintain a full charge on the battery. A provision is also included to maintain the integrity of the charge indicator light on the dashboard. Simple, clean, inexpensive and solid state reliability. Absolutely the best way to go. The following parts are available for **Immediate shipment**.

- One Wire Voltage Regulator . . . . . **\$30.00** EA

## Cars for Sale

1961 Falcon 4-Door Sedan. Blue with blue interior, 11,000 original miles. 170 6 cyl auto. New tires. Mint condition. All original. No restoration. Garage kept in PA. Must sell. \$6,000.00. Vincent E. Mistretta, 1770 E. 93rd St., Brooklyn, NY 11236 — 212/341-6550 (work); 718/531-7306 (home) after 6:30 p.m.

1961 Econoline Cab Forward Pickup. These units were built in the same years as all the Falcon family, 1960 thru 1970, and are becoming quite rare. Strong 170 with 3-speed. Unit is show-ready. Has been a trophy winner. Medium blue and white. Pictures available. \$6,000.00 which is less than what's invested. Merle Boughton, 214 1/2 S. 1st St., Oskaloosa, IA 52577-3104 — 515/673-7782.

1961 Falcon 4-Door Sedan. 6-cyl standard transmission, original 10,985 miles. Car looks great and runs well. Can trace to original owner. Asking \$2,950.00. Bill Hollister, Lombard, IL — 708/629-7097; fax, 708/629-7098.

1962 Futura. There's no better way to mold a club than with a project car. Your combined skills and talents will make this baby come alive. If R.J. Davies' "Awesome Futura," featured in the Jan. '95 *Falcon News*, was black, that's what you could produce. Like R.J. said, "You don't see any '62 Futuras at the shows." Her credentials are: 170 ci, 3 speed, buckets, console and padded dash. \$750.00. Jim Nobles, Black Hawk, SD — 605-787-5605.

### To Advertise:

FCA members are entitled to two free ads per issue (limit 50 words per ad). Each ad must appear in a difference section of the Classified Ads. ## 1995 National Meet Tour Synopsis

The Lone Star Chapter is proud to offer the following tours for our guests during their visit to Plano (Dallas). We have done our best to design all tours according to input received during the '94 Nationals, from both the ladies and the gentlemen. We have negotiated with several transportation companies to bring you the best, most interesting and economical tours available. Please note that all charges are the actual cost quoted to the chapter by the charter company for each passenger. Quantities for each bus must be guaranteed, in increments of 20 or 40 passengers and must be paid in advance. A separate form has been designed for these tours, and we urge you to submit it along with the remittance as soon as possible. Buses will be filled on a first to register, first to ride basis. Naturally if we are unable to fill the last bus, your money will be fully refunded.

We start things off on Thursday morning, July 20, with a trip designed for the ladies, but there are quite a few of the men that may be interested. At exactly 10 a.m. we load the buses at the Harvey Hotel and head east to Southfork Ranch for a complete guided tour and Texas-style brisket lunch with all the trimmings. You will be returned to the Harvey at approximately 2 p.m. The cost of this tour (\$33) includes transportation, tour guide, admission and lunch. Billionaires, buffalo, bulls and bar-b-que — whew! We hope you find this attractive, and by all means, don't forget that camera.

Still Thursday morning, at 10:30 a.m., we line up all the Falcons and caravan (Falconvan) for a tour of the AER Facility in Carrollton, Texas. The caravan will be headed by the Vice President of the Lone Star Chapter, "Wacky" Wally Smith in his outstanding '64 Sprint. After a short trip down Beltline Road, with many "thumbs up" along the way, you will be greeted by our co-trophy sponsor, Mr. Bill Wages. At the facility you will view many of the special interest cars on display. How about a "Boss 29"? Or, how about an exact replica of Ron Fellows' AER sponsored and built Trans Am Mustang. Being an authorized Ford engine rebuilder, Mr. Wages will be proud to guide this tour through the facility where the "mini cammers" (4.6 liter) are completely remanufactured to Ford specifications. Bill may even give you some critical dimensions to see if the "cammer" will fit in a Falcon's engine bay. While you're lookin' and droolin', Bill just may sneak out to the lot where all of the Falcons are parked and select his pick for the "Sponsor's Choice" award. On the trip back to the hotel, you may be able to talk "Wacky Wally" into a stop at Sonic for burgers and a little "stylin'." You

*(1995 National Meet Tour Synopsis continued)*

should return to the hotel a little ahead of the ladies and have a lot of fun things to talk about. There is no charge for this tour and no need to register. How about that?

Now it's Friday, July 21, and we're ready to load the buses again. At 10 a.m. we head out for a real look at "BIG D." A tour guide will point out the many attractions Dallas has to offer. There are so many, you will need to read the tour description to determine if you can really see it all in one day! The cost for transportation and tour guide is \$19 and does not include the scheduled lunch break at the famous "West End." You will return to the Harvey at approximately 2:30 p.m. **Your camera should still be smokin'.**

It's "Sweet 16" for the Falcon Club of America. We hope you can attend and will be looking forward to greeting One and All.

Best of Regards,  
The Lone Star Chapter

# Southfork Ranch Tour

*Yellow Rose Touring & Special Events Company*

DALLAS! A city with such unique character, distinct flavor and sharp contrasts could only be captured by a television show of Texas-sized proportions. Today you'll see "Big D" as perceived from the TV screen on a tour that explores the hidden treasures and history of the "fantasy" Dallas.

You'll begin with the television sensation that swept the world and a visit to the most famous white house west of Washington, D.C. — Southfork Ranch. This 41-acre homestead of the fictional Ewing family, one of Texas' top visitor destinations, has been called the "Rolls Royce of Ranches." On the drive out, a Yellow Rose western guide will entertain and test your knowledge with Southfork trivia.

Upon arrival, thoroughbreds, cattle and buffalo seen grazing will remind you that this is a real working ranch. Inside the fences the filming location becomes familiar and shots featuring J.R. eavesdropping from the balcony are vividly recalled.

A special guided tour inside the Southfork Mansion will tell us the history of the original Southfork inhabitants and how this site actually became the setting for the series watched weekly by so many fans. More than \$25,000 in interior improvements have been added to all the familiar sites since the "Dallas" days, including J.R.'s million-dollar bathroom, Miss Ellie's kitchen, Bobby's western detailed bedroom, the formal dining table and the famous Ewing living room.

And finally, walk over the promenade of bricks in the shape of the state of Texas and proceed to the Southfork Museum. It is here you will see the gun that shot J.R. and many pictures from the show's incredible 10-year run on network television.

# Dallas Landmark Tour

*Yellow Rose Touring & Special Events Company*

**DALLAS!** A city with such unique character, distinct flavor and sharp contrasts could never really be captured by a television show. This tour explores the hidden treasures and history of "Big D" — the "real" Dallas — from its frontier settlement infancy to emergence as one of the nation's most dynamic and thriving cities.

Discover the western heritage of the Lone Star State as it has been preserved at the Wilson Block, a neighborhood of prairie-style "gingerbread" homes built during the height of the Chisholm cattle drives. The alternate image of the "New West" will be dramatically illustrated at the futuristic Las Colinas development, a prototype corporate city connected by both monorail and canal systems. At Williams Square, the hub of Las Colinas, you'll see the renowned "Mustangs of Las Colinas," the largest equestrian sculpture in the world.

Downtown Dallas also holds many treasures from its past, including several architectural marvels — the Romanesque "Old Red" courthouse, the Belo Mansion (site of Bonnie and Clyde's funeral wake), the original Neiman Marcus department store and the Magnolia Oil Building, topped by the symbol of Dallas — Pegasus, the winged horse.

Dealey Plaza, site of the assassination of President John F. Kennedy, also holds memories — not only for Dallas, but for the world as well. While there you will stand in the shadow of perhaps the most recognized local landmark, the former Texas School Book Depository (now the acclaimed "Sixth Floor Exhibit"). This area, virtually unchanged since Nov. 22, 1963, is surrounded by the "New Dallas" that sprang to life in the years following the assassination.

Internationally recognized architect I.M. Pei has contributed several distinctive buildings to Dallas' dramatic new skyline (described as the "best" by *Esquire Magazine*), including the First Interstate Bank, City Hall and the Morton H. Meyerson Symphony Center.

Also featured on the tour is Dallas' thriving arts district, emerging pop culture in Deep Ellum, historic West End and Texas Stadium — home of the Dallas Cowboys.
